- Make sure you have removed any decorations, signs, etc. from the roadway easement. Woodsmoke is NOT responsible for any damage caused to these items. Damage can be caused while plowing the snow.

- Remove any driveway ropes/chain blocking off your driveway as this is considered a fence and is not allowed.
- Make sure you have properly winterized your RV.
- To help with any mice and other unwanted critters try products like Grandpa Gus's Rodent Repellent. Available locally at Ace Hardware and Menards. Also dryer sheets work
- Check to make sure all your windows are closed and secure
- Remove all food and items that can freeze from you trailer
- Place a towel in your refrigerator and freezer door to make sure it stay open to prevent mold and odor in the spring.
