*Our Community.  
Our Home.* ♥

Welcome to another GREAT season at our beautiful WSR.

Over the winter/spring months we have all been very busy at the ranch getting ready for another spectacular year with our amazing owners. The culvert projects on Buckskin & Trails End Drive were completed. Besides the safety factor of the deteriorating pipes, the result for both projects turned out great. The new lane configuration for the main roadway now easily allows traffic to stay in motion in both directions with ease. This was done at no additional cost as the roadway had to be put back after the culvert pipe was installed and either side was going to require backfilling. We are pleased with the outcome. Our roadway repairs were also completed this spring before the big weekend. Pond 1 received many trees which consist of Weeping Willows, Autumn Blaze Maples and Tulip Trees. Once established these trees will provide many years of beauty, shade and aid in soil retention. Staff also planted 10 Blue Point Junipers that are deer tolerant around Pool 1's propane tank and up by the generator for well 1. Once filled out these will be beautiful, natural obstructions of what otherwise are unsightly items.

The Sports Courts at PA2 (WSR Sports Complex) have been removed in preparation for a new sports court area that will consist of 3 Pickle Ball courts, a half court Basketball Court and an area marked out for kids' games. During the demo of the existing area, it was discovered that the area was holding a large amount of water due to the condition of the old courts and the amount of watershed that entire area takes on. Drain tile was installed around a large portion of the perimeter to help dry the area up and aid in keeping it dryer for the future. This has delayed the project. We hope to have the area paved and striped by the middle of July.

We appreciate the very positive response from many of our owners regarding the clean-up enforcement for all the lots. The beautification of It is already very noticeable as you drive through the park. Staff will be working on all association owned sheds this spring/summer staining and making the necessary roof replacements. The impact this is having will be very positive for everyone. Curbside appeal helps to add value to all lots in addition to your guests being impressed with the appearance of the park. Please be sure to stay on top of the general maintenance of your lot throughout this year and every year. The association and your neighbors truly appreciate it!

We have a lot of fun events, great bands and more planned for the 2026 season. If your able to volunteer for an event, event clean-up or just give a few hours during the week to help staff get ready for the upcoming weekend please email Holly at [Rec@WoodsmokeRanch.com](mailto:Rec@WoodsmokeRanch.com)

Please be sure to take a moment this Memorial Day Weekend to remember those who served, fought and gave the ultimate sacrifice so we all can enjoy this weekend and every weekend at our home away from home. God Bless our Troops past and present. Have a Happy & Safe Memorial Day weekend and remember....

**10 MPH PLEASE!!!**
