FRIENDLY REMINDERS

—★ ABOUT ★—

★ LOT APPEARANCE & UPKEEP ★

- ★ All lots need to have the tarps removed from trailers, sheds etc as they are unsightly.

- ★ Storm windows must be removed from screen-rooms by May 1

- ★ Grass cannot exceed 8" throughout the year.

- ★ Trailers, sheds, roofs, decks etc shall be kept clean with no algae or other growth of any kind.

SHINGLES MUST MATCH the Association's approved color and style. Example products available at Menards:

- Owens Corning Oakridge Brownwood Roof Shingles (Menards SKU# 1513097)
- Owens Corning Hip & Ridge Shingles Brownwood (Menards SKU# 1512365) – required for ridge cap/peak

WOODSMOKE BROWN STAIN

Approved color is Woodsmoke Brown, which corresponds to "Russet" solid stain. An example product available at Menards:

- Pittsburgh Ultra Advanced Solid Stain Clear Base, mixed to "Russet" (Menards SKU# 5534642 for gallons; SKU# 5534650 for 5-gallon)

This color may also be cross-referenced at Ace Hardware, Sherwin Williams, Home Depot, Lowe's, or other retailers by providing the above product information for color matching. Owners are responsible for verifying color match before application.

Cluttered lots, lots with junk and items left for long periods of time are deemed unsightly. No chains, ropes, cables are allowed to block off driveways. You cannot store items under your deck.

The Association will be enforcing these rules and the Board of Directors has passed a policy that allows them to deem lots unsightly and/or a safety concern. A notice will be sent to the registered owner(s) and a time-frame of 30-60 days will be given to allow the owner to resolve the issue(s).
